FOR IMMEDIATE RELEASE

Royal Containers and Norus Packaging Strengthen Their Commitment to Building Partnerships in Packaging

Partnership expands manufacturing capabilities, strengthens customer support, and reinforces a shared commitment to innovation and service.

Brampton, Ontario – June 9, 2026 – Royal Containers Ltd. is pleased to announce that Norus Packaging has joined the Royal Containers Group of Companies. This partnership strengthens capabilities, expands resources, and creates new opportunities for customers across Ontario and beyond while reinforcing a shared commitment to customer service, innovation, and operational excellence.

For more than three decades, Norus Packaging has built a reputation for trust, honesty, respect, and service. Under the leadership of Russ Portch and former partner Bill Nobes, the company established itself as a respected packaging partner supported by exceptional customer service, responsive operations, and a well-maintained 60,000 sq. ft. facility in Tottenham, Ontario.

The addition of Norus Packaging reflects a shared approach to business centred around caring for customers, leading through innovation, and delivering reliable performance every day. By joining the Royal Containers Group of Companies, Norus Packaging gains access to expanded manufacturing capabilities, vertically integrated operations, and a broader network of packaging resources across the GTA and beyond.

“Norus Packaging has built a strong reputation for customer service, integrity, and operational excellence over the past 30 years,” said Kim Nelson, CEO of Royal Containers Ltd. *“Their team, culture, and commitment to customers align closely with our own values. Together, we are expanding our capabilities while continuing to deliver the responsive service, reliability, and innovation our customers have come to expect. We are excited about what we can accomplish together as we continue Building Partnerships in Packaging.”*

Building Partnerships in Packaging

The Royal Containers Group of Companies includes:

- Greenpac Mill – a state-of-the-art, 100% recycled and zero-waste paper mill
- TenCorr Packaging – converting recycled containerboard into high-quality corrugated sheets
- Proprint Services – an SQF-certified folding carton packaging manufacturer supporting leading CPG brands with design, printing, finishing, and retail display solutions
- Royal Graphics – producer of photopolymer printing plates supported by a skilled team of designers and technicians

Together, these integrated capabilities strengthen the ability to respond quickly, perform at scale, and deliver innovative, reliable, and sustainable packaging solutions.

Customers, vendors, and business partners can expect business to continue as usual, with all existing points of contact remaining unchanged. The addition of Norus Packaging further reinforces Royal Containers' long-term commitment to customer success, operational excellence, and Building Partnerships in Packaging.
